A live audio webcast will begin at 4:30 p.m. EDT. The webcast link is available under the "Investors – Events and Presentations" section of the Company's website, [www.rxiharma.com](http://www.rxiharma.com). The event may also be accessed by dialing toll-free in the United States: +1 844-376-4678. International participants may access the event by dialing: +1 209-905-5958.

An archive of the webcast will be available on the Company's website approximately two hours after the presentation.

### About RXi Pharmaceuticals

RXi Pharmaceuticals Corporation (NASDAQ: RXII) is a biotechnology company developing the next generation of immuno-oncology therapeutics based on its self-delivering RNAi (sd-RNAi®) therapeutic platform. The Company's discovery and research efforts are focused on developing sd-RNAi therapeutic compounds to be used in the context of adoptive cell transfer by targeting checkpoints or other gene targets, or to be used as intratumoral immunotherapy. We aim to maximize the power of our sd-RNAi therapeutic compounds by weaponizing therapeutic immune effector cells to attack cancer, and to make tumors more susceptible to such attacks, and ultimately provide patients battling cancers with a powerful new treatment option that goes beyond current treatment modalities. RXi intends to develop immuno-oncology therapeutics on our own and in collaboration with partners. For additional information, visit the Company's website, [www.rxiharma.com](http://www.rxiharma.com).
